

4 STEPS

to a successful start!

- 1. Determine rules for class.**
- 2. Determine reward system for class.**
- 3. Determine disciplinary consequences.**
- 4. Communicate you plan to children and their parents.**

Use these four simple steps to clearly communicate your expectations to your class. By using a variety of different incentives (rewards), you will create a climate of fun while kids are learning God's Word. Incentives to behave appropriately will help teach kids that church is a place to be reverent. They will also minimize the necessity for consequences and kids will see church as a place they want to attend and bring their friends.
